Organic PR Services

Finding the best angle to present your project and leaderships to top business, fintech, financial, IT & crypto media. We will reach out to appropriate traditional and web3 editors/ journalists globally with the story and publications they are interested to cover focusing on tier 1 news channels.

Pitching Digital/ Print media opportunities

We create content strategy in relevance to the research onto which journalists are writing about and find angles to incorporate the project into the topic. We have database and media pitching softwares to reach out to journalists.

Copywriting and Content Creation

We will create 4 strategic content pieces to pitch journalists or release in press. These content pieces will be made by native English speaker and professional media communication expert.

Press Release Distribution

For every partnership, announcement, news, and significant development, our team will publish an official report to the media to our personal database, consisting of over 80,000 journalists globally. Each press release may be tailored to a specific geographical target in its regional language on request.

Event Exhibition Interviews/ Panel Discussions/ Speaking Opportunities / Investor Pitch Sessions

- Corum8 will provide a list of the leading events and conferences where the project can exhibit and present themselves in front of channel partners, potential customers or investors within the crypto/WEB3 space globally.
- Our team will find opportunities for the project's executive team to speak in panel discussions / give keynote speeches/ investor pitches/ media interviews wherever possible.

PR Strategies and Agenda

- Partnership/ Co-Branding Opportunities – will find potential partnership opportunities, such as projects with a large following/user base, where we can cross-promote the brand and merge their communities into yours.
- Leadership Dashboard – We will boost brand credibility by setting your project as an example in brand mentions during educational, latest-tech or current-affairs articles or providing expert quotes from the company's leaders.
- Celebrities/ Influencer Ambassador Tie-ups and management

Community Building
